CRYSTAL MDA

Crystal Microdermabrasion (MDA) is a non-invasive skincare treatment that uses fine crystals to exfoliate the skin, removing dead cells and promoting cell renewal. It improves skin texture, reduces fine lines, scars, and pigmentation, and brightens the complexion. This procedure is safe for most skin types, offering a smoother, more radiant appearance with no downtime.

Consumables:

- Aluminium Oxide Crystal Powder

DIAMOND MDA

Diamond dermabrasion is a non-invasive exfoliation treatment using a diamond-tipped wand to remove dead skin cells. It enhances skin texture, tone, and collagen production while reducing fine lines and acne scars. Unlike crystal microdermabrasion, it is gentler and more precise, with no loose particles. Safe for most skin types, it provides instant smoothness and a refreshed appearance.

UNITED SKIN CARE

HYDRO FACIAL

Hydro Facial is a non-invasive skin treatment that deeply cleanses, exfoliates, hydrates, and infuses serums for a glowing complexion. It helps reduce acne, fine lines, pigmentation, and dullness with no downtime. Suitable for all skin types, it offers instant results and long-term skin health benefits.

Consumables:

- Hydrofacial Serums
- Chemical Peels

HYDRO DIAMOND

Hydra Diamond is an advanced facial treatment combining diamond microdermabrasion with hydration therapy for deep exfoliation and intense skin nourishment. It removes dead skin cells, unclogs pores, and enhances serum absorption, leaving the skin smooth, bright, and rejuvenated. Ideal for anti-aging, acne scars, and dull skin, it provides a non-invasive glow with no downtime.

Consumables:

- Hydrofacial Serums
- Chemical peels

OXYJET PEEL

Oxy Jet Peel is an advanced, non-invasive facial treatment that uses a powerful stream of oxygen, water and nutrients to exfoliate and hydrate the skin. It deeply cleanses pores, removes dead skin cells, and boosts circulation, promoting collagen production for smoother, rejuvenated skin. This treatment is ideal for those looking to improve skin tone, texture, and radiance with minimal downtime.

Consumables:

- Oxy meso Solution
- Serums

DANDRUFF REMOVAL

Dandruff Removal is a non-invasive treatment that uses a jet stream of oxygen to cleanse the scalp and remove dandruff-causing impurities. It deeply exfoliates the scalp, promoting healthy circulation and moisturizing the skin to prevent dryness and flakiness. Ideal for those struggling with dandruff, this treatment helps restore a clean, balanced scalp for healthier hair growth.

Consumables:

- None

UNITED SKIN CARE

RF FACE AND BODY ATTACHMENTS

Radiofrequency (RF) is a widely used technology for skin tightening, fat reduction, and overall skin rejuvenation. It works by delivering heat energy deep into the skin layers, stimulating collagen and elastin production while promoting tissue remodeling.

RF MONOPOLAR

MESO FACE AND BODY ATTACHMENTS

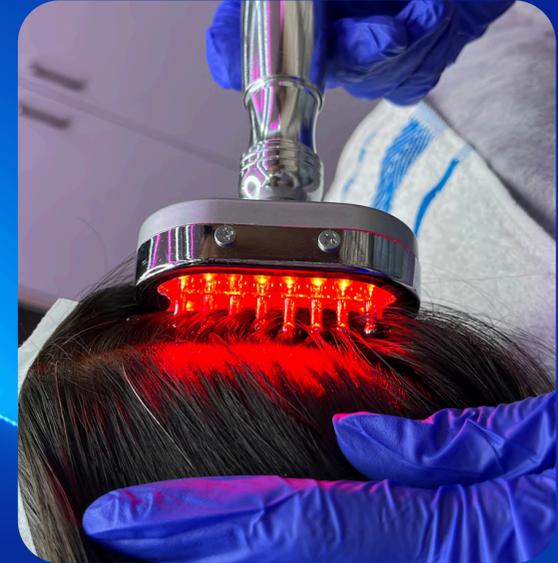

UNDEREYE MESO

The Undereye Mesotherapy probe works on penetrating under eye products and meso solutions.

FACE MESO

The Facial Mesotherapy probe is used for penetration of Hyaluronic, Glutathione, Collagen etc. meso solutions deeper into the skin.

BIOLIGHT HAIR COMB

This probe combines Mesotherapy and Red Light Therapy for hair regrowth and product penetration to the scalp.

CONSUMABLES: PHOENIX MESO SOLUTIONS

OXYGENO

Oxygeno skin treatment, commonly known as Oxy Geneo, is a non-invasive facial therapy that combines exfoliation, oxygenation, and infusion to rejuvenate the skin. It removes dead skin cells, stimulates natural oxygen supply from within, and enhances the absorption of essential nutrients. Safe for all skin types, it offers an effective solution for those seeking a radiant and youthful appearance.

Consumables:

- Oxygeno Kits

RF CAUTERY

RF cautery (Radiofrequency cautery) is a minimally invasive procedure that uses high-frequency radio waves to generate heat for precise tissue cutting, coagulation, and removal. It is commonly used in dermatology and minor surgical procedures to treat warts, skin tags, and other lesions with minimal bleeding and scarring. Safe and effective, RF cautery promotes faster healing and is safe.
